Products & Services
OFFTEC in Brief

For over 100 years, OFFTEC has been in the business of providing innovative and high quality business and technology solutions to its clients to facilitate their business functions.

Our job has never been more important than it is today as the world gets even more complex with technology challenging most people’s ability to make sense of it all.

OFFTEC has kept pace with innovations that help businesses navigate the seas of Banking Technologies, Office Technologies, Office Furniture, Security Solutions (IT and Physical), IT Infrastructure, Plastic Card Technologies and Software Solutions.

OFFTEC has helped governments and businesses in the MENA region to manage their enterprises and optimize their performance based on its quality, dedicated customer support and subject-matter expertise.
